Lahore, Pakistan / Open to Remote Opportunities

PROFESSIONAL SUMMARY

Native iOS Developer with 3+ years of experience designing, developing, and deploying high-quality iOS applications using Swift and SwiftUI. Proven track record of managing the complete app lifecycle from development to App Store submission, ensuring compliance with Apple's guidelines. Expertise in integrating Core Data, push notifications, in-app purchases, and RESTful APIs. Experienced with React Native for cross-platform development. Skilled in performance optimization, bug resolution, and creating intuitive user interfaces. Open-source contributor and Developer Advocate with a passion for building scalable, user-centric mobile solutions.

TECHNICAL SKILLS

Languages	Swift, SwiftUI, JavaScript, TypeScript, Python
iOS Frameworks	UIKit, SwiftUI, Core Data, SQLite, Realm, Core Animation, LocalAuthentication, Combine
Architecture	MVVM, MVC, MVP, S.O.L.I.D Principles
Networking	RESTful APIs, URLSession, Alamofire, JSON Parsing, Codable
Notifications	Local Notifications, Push Notifications (Firebase Cloud Messaging)
Storage	Core Data, SQLite, Realm, UserDefaults, Keychain
Cross-Platform	React Native, Expo, Native Modules
Tools & DevOps	Git, GitHub, Xcode, TestFlight, App Store Connect, CocoaPods, Swift Package Manager
Testing	XCTest, Unit Testing, UI Testing
Bluetooth	Core Bluetooth, BLE (Central & Peripheral)
Cloud Services	Firebase, Apple Push Notification Service (APNS)

PROFESSIONAL EXPERIENCE

Primefit *Lahore, Pakistan*
iOS App Developer December 2025 – Present

- Developing and maintaining iOS applications using Swift and SwiftUI, ensuring smooth functionality, scalability, and seamless user experience.
- Writing clean, efficient, and maintainable code by adhering to best coding practices, resulting in highly readable and scalable applications.
- Optimizing performance and user interfaces with a focus on responsiveness, efficiency, and intuitive designs that cater to users' needs.
- Managing app store submissions including metadata, certificates, and provisioning profiles for successful app deployment and updates.
- Implementing modern iOS features and ensuring compatibility across multiple iOS versions and devices.

AA'LA Solutions *Lahore, Pakistan*
iOS App Developer May 2023 – December 2025

- Designed and developed native iOS applications from concept to deployment, handling the complete development lifecycle and App Store releases.
- Integrated RESTful APIs using URLSession and Alamofire for seamless backend communication and real-time data synchronization.
- Implemented Core Data and SQLite for persistent local storage, optimizing data fetching and caching strategies.
- Added push notification capabilities using Firebase Cloud Messaging, increasing user engagement by **30%** across applications.
- Implemented in-app purchases and subscription models using StoreKit, driving revenue growth for client applications.
- Developed BLE (Bluetooth Low Energy) applications for both Central and Peripheral roles, enabling device-to-device communication.
- Collaborated with cross-functional teams including designers and backend developers to deliver feature-rich, user-friendly applications.

KEY PROJECTS

Primefit: Habits & Weight Loss *SwiftUI, AI Integration, HealthKit*
Available on the App Store — An AI-powered fitness and habit coaching app that helps users build healthier lifestyles through intelligent insights and personalized guidance. Features include smart calorie tracking, habit consistency tools, and comprehensive monitoring of steps, sleep, hydration, and nutrition. Designed with a clean, motivating interface focused on long-term progress and sustainable behavior change.

Short.io SDK *Swift, SPM, Universal Links*
Developed a third-party SDK for integrating Short.io services into iOS apps, enabling short link generation and deep linking via Universal Links. Integrated using Swift Package Manager or manual setup.

EDUCATION

COMSATS University Islamabad Islamabad, Pakistan
Bachelor of Science in Computer Science Graduated 2023

ADDITIONAL INFORMATION

- **Open Source:** Active contributor to open-source projects on GitHub and Developer Advocate for iOS development communities.
- **Awards:** Recognized for exceptional performance at AA'LA Solutions and Primefit for delivering high-impact iOS applications.
- **Community:** Active member of iOS developer communities in Lahore, regularly sharing knowledge and mentoring junior developers.
- **Technical Interests:** Passionate about SwiftUI, Combine framework, Bluetooth Low Energy, and modern iOS architecture patterns.
- **Availability:** Open to full-time iOS development roles, contract positions, and remote opportunities worldwide.
